## *PRESIDENT'S MESSAGE*

Well, the season started off right for our National Mustang Day Cruise to Lewes. Beautiful day, great friends and great food made for a blast. Next on the agenda is our Spring Show sponsored by Porter Ford on May 18<sup>th</sup>. Let us hope the weather holds out for another perfect day!! There are still a couple of rooms open for Carlisle. They are on a first-come basis. If you would like a room, please reach out to me and I will provide the information to you. For those who have never been or have not been for a long time. Come join us. If you register your car, remember to register under First State Mustang and Ford!!! Bring an appetite on Saturday. Lunch will be served to all members of the club. You have the G&T cooking team on the grill and Ellen's world-famous potato salad!!! Plus, there are other good things to eat. Spend some time with other club members at the tent while you rest your feet from walking.

I would also like to take this time to thank each one of our members!! Thank you for being part of First State and joining us on our adventures and club events!! Many of you are members and we have never met. Take the opportunity to come out and join us at one of the events or meetings we have. Stop, say Hi, and introduce yourself. I'd love to place a face with a name and to hear about your car.

The trip to Yellowstone and Sturgis Mustang Rally for Tom and Rose Dilworth and myself and Ellen is still in the planning stages. Rooms for when we arrive are booked. The rooms for the trip going out we will look at during the drive. I hope to post some great pictures as the DE BOSS and BLEWBYU travel the country!! Stay tuned!!!

- Tim

## *Vice Presidents MESSAGE*

Hello FSMFC members!

I am excited about this year's events. We have had a great turnout at our monthly meetings. Thank you to all who have come to share some time with us. We enjoyed Tom Dillworth coming to our last meeting and sharing his journey through Mustang Club of America awards program. He and his lovely wife, Rose, have enjoyed this experience for the last twenty years. It was both enlightening and interesting.

At the next meeting we are planning to have another speaker who will be talking about his work in car wiring from simple to major wiring. We look forward to hearing all about what they offer. Hope you can come out to the general meeting on May 6<sup>th</sup> at Applebees @ 900 Churchmans Rd. in Newark, DE 19713. Meeting starts at 7 p.m. with gathering starting around 6.

The board members have been very busy behind the scenes planning and developing all the details to make this a great season for our members. What an amazing team!

Our Spring car show is May 18<sup>th</sup>. Please remember to bring items, baskets, or gift cards for our charity auction to benefit Sean's House. If you bring any items, baskets, or gift cards to the next general meeting, I will take them to the car show for you or you can bring them the day of show. Thank you in advance for all your generosity.

- Debby

## **CAR SHOW VOLUNTEERS**

**ATTENTION VOLUNTEERS:** Our car show is on May 18th, and all volunteers should meet at the show by 8 a.m. at the latest. Our car show will be held at Aetna Hose Hook & Ladder (next to Porter Ford). The address is 410 Ogletown Road, Newark, DE 19711. The car show starts at 9 a.m. but expect vehicles to show up earlier. We need to set up and be ready as the cars and trucks roll in. I expect to be there by 7:30 a.m. See you soon.

If you have not signed up yet or have any questions, please contact me at:  
[debbyrosko@yahoo.com](mailto:debbyrosko@yahoo.com).

Thanks everyone,

- Debby

## Check It Out!!!

First State Mustang & Ford Club has a new and improved website.

There are still more features to be added, but in the meantime see that there is the new club photo, members car photos taken at the club shoot, upcoming events, and who our Executive Board is.

Remember, this is still a work in progress and more features are yet to come. So, check it out at the same website [firststatemustangandford.com](http://firststatemustangandford.com) and *Join us for the Ride!*

## ON THE PERSONAL SIDE BY DEBBY ROSKO

### On the Personal Side by Debby Rosko

When I was thinking about this article, I knew I wanted to share some insights about George Long. I have worked alongside George for quite a few years on the board and have always found him to be very interesting. I met George at a car show when he had his 67 blue Mustang Coupe (shown below). He had just started his journey with Mustangs and was just happy to be there and feel the camaraderie of the people at the show. While he owned this car for about two years, little did he know in the beginning where it would go from there. It was the steppingstone into the two Mustangs he owns today.

George is like a historian on Delaware. He was born in North Carolina and his family moved to Delaware in 1957. The family lived in one home for 10 years, then moved and he currently lives in the home his parents built in 1966. His grandfather and his dad loved hunting, so George followed suit starting at eight years old. He also learned to play golf when he was 13 and was an avid golf player for 10 years. He went to college and obtained a degree in Wildlife Management. His degree took him to working for the State of Delaware for 19 years. He ran the Hunter Training Facility, which was an active part of his life. He also worked for Ashland Nature Center for 2-1/2 years. No doubt George likes to talk about nature as he routinely talks about types of birds, flowers, and shrubbery. As my interest developed in the love of Hummingbirds, George has hummingbird feeders in both the front and back of his home though the hummingbirds always went to his house before they graced mine. He follows the hummingbird tracking map and yes some have showed up closer to our homes. We are hoping for an active hummingbird season.

George mentioned he coached baseball, and he owned a 23-foot Grady White fishing boat for about 9 years because he loved to fish.

His life also included being a partner at Frightland for about 12 years, assisting them part time in different capacities. I remember him telling me about the pumpkin patch that was there and how deeply involved Frightland is with the Leukemia Foundation of Delaware. Our club supported the Leukemia

Foundation as our charity for one year.

It is always a pleasure to talk to George. He can be rather funny, and he does a lot for our club. He is the treasurer and always goes beyond just the duties of finance. It is great to honor him.

Thank you George for sharing your story.

If anyone wants to share a personal side story with our members, please reach out to me:

## Car Articles!

We all love our Fords and we love to talk about them. We are looking for articles to add to the club Newsletter, and who better than to ask but our Membership. The article does not have to be long, it can be a few paragraphs with a few photos of your car. We want to get to know our members. Need an idea for your article? Here are a few, but feel free to come up with your own!

- \* How did you become a car enthusiast?
- \*
- \* How old were you and did anyone get you interested?
- \*
- \* What made you pick that car?
- \*
- \* Was it a sentimental reason or did you just think it was cool?
- \*
- \* What is the history behind your car?
- \*
- \* Does your car have a unique story to it?
- \*
- \* Did you rebuild it?
- \*
- \* Where have you travelled with your car?
- \*
- \* Did you go on vacation with it or to a car show that was a distance away?

We want to hear about it!!! We are interested.

Feature Car - Ginny Corrigan - Mustang GT Convertible, A love story .

I always wanted a Mustang Convertible. They just looked like the coolest car. My Dad taught me to drive a stick shift in an MG convertible when I was 16 and in a full walking cast from extensive knee surgery. You weren't allowed to drive at 16 in New Jersey. But rules never stopped my Dad. He said I could have it if I got good grades my freshman year in college. I learned to party my freshman year and did not get good grades and he had to sell the car to pay my tuition. So, we both reneged on that deal. He borrowed classic cars from his friends for my wedding. It was awesome! Each member of the wedding party was driven to church in a different classic car.

The mustang I own was built in Detroit in 1967, was Wimbledon white and had an automatic transmission. It was shipped to California and transformed into a 4-speed transmission where my Aunt Ginny (yes, I'm her namesake) bought it for her husband for his birthday. My uncle had it painted pearl white (which is so much prettier than the flat Wimbledon). When my uncle died, my cousin used it as a dune buggy. His brother called my father and told him he needed to buy the mustang and fix it up before my cousin destroyed it. My father promptly bought it and had it Fed Exed from California to New Jersey.

He had to blast sand out of everything (absolutely everything). He fixed it up and put a racing clutch in it. I do not know why. All parts are original to the car or the year. But he found he had to replace the clutch every year. I went to car shows with him at least once a year (if not more) to spend time with him and to remind him how much I really always wanted a Mustang. He was VP for sales for the Ford Meter Box Company out of Indiana (so if you see Ford Meter Box Water Works metal circles in side walks that's my Dad's business). His hobby was

rebuilding classic cars. His first was a '77 mirror black Buick Grand Sport. His second was a burgundy convertible Buick Sky Lark. His third was my convertible pearl white convertible Mustang GT. I named her Sally. His last was a convertible Mustang Fox Body.

As many of you know, I had trouble with the clutch from the beginning (not ALL my fault). It was replaced every season. I renamed her Sadie (as the Beatles sang: "Sexy Sadie, what have

you done? You made a fool of everyone...") I finally switched it to an automatic, which according to the Marti report that's what it was originally. She's much better behaved now.

Our favorite meeting place was the First State Mustang and Ford Club Show on Kirkwood Highway. Dad was a member of the South Jersey Mustang Club, and I lived in Newark so we had a good time getting together there every year. He also helped run the

Wings and Wheels show in South Jersey that my boys and I would help with.

My Mustang is a tribute to the love of cars and the love that my Dad and I shared. We both loved cruising in a nice car and he had the best. He was true a true classic all the way.

- Ginny

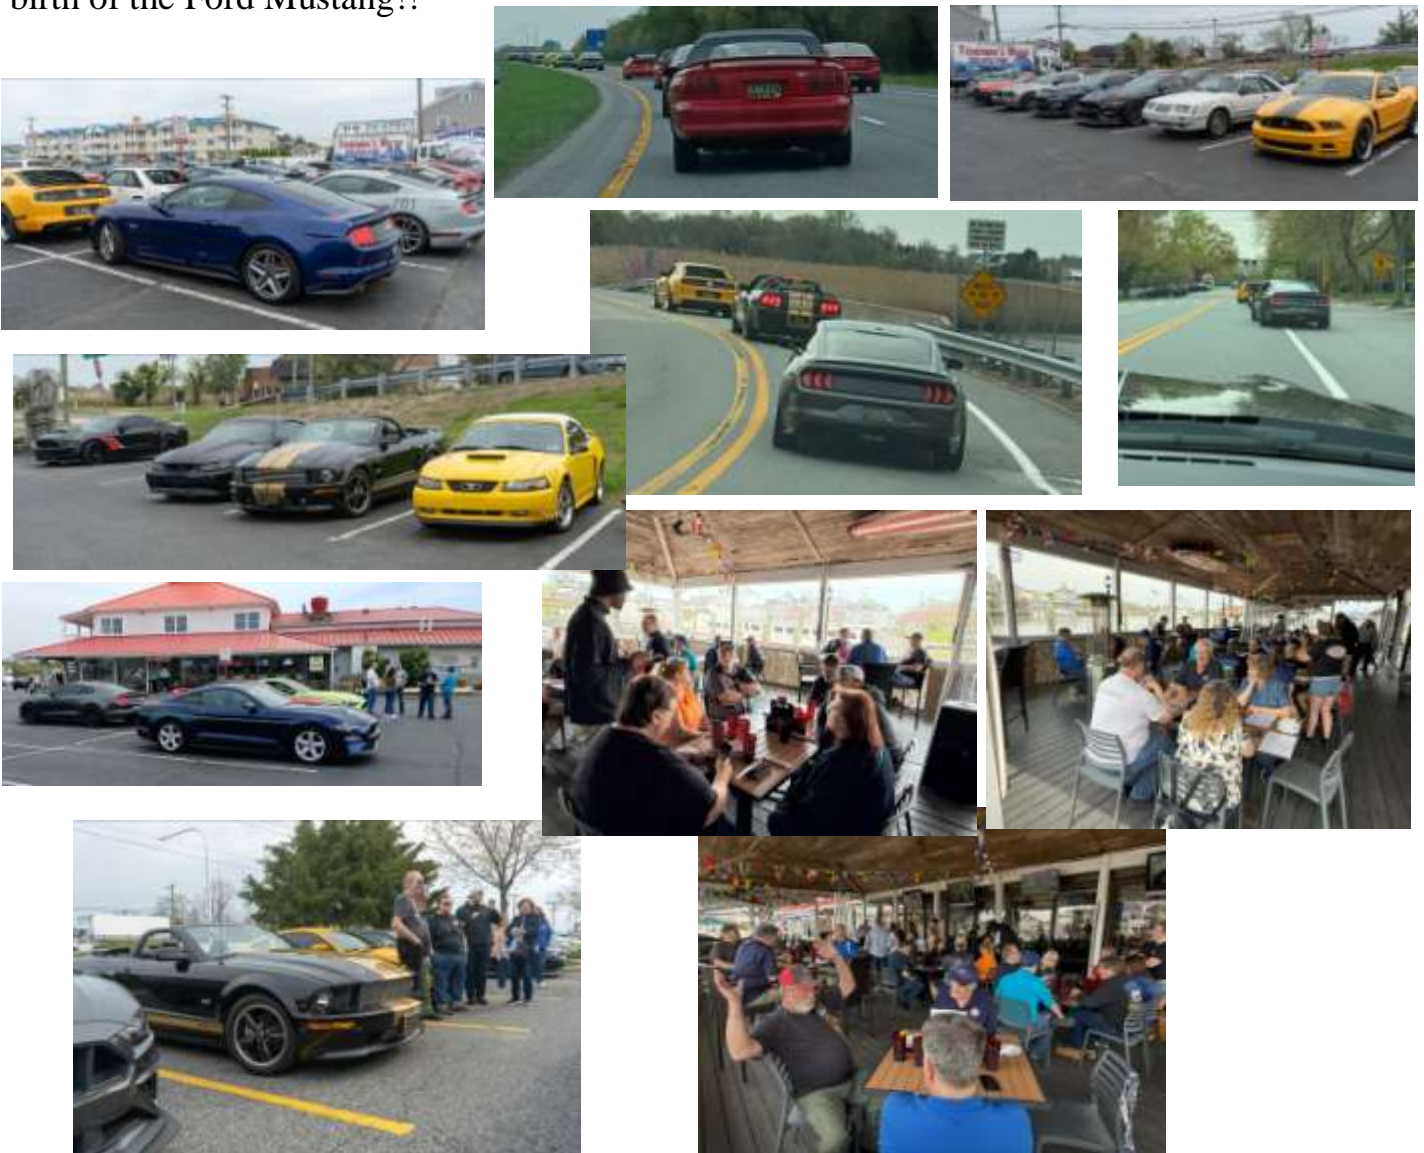

# Mustang Day 2025

Happy Birthday to the Mustang! On Saturday, April 19, First State Mustang and Ford Club celebrated with a cruise down to Lewes, DE. Our first meet up was at Wawa in Middletown. After our hellos and some members grabbing a Wawa breakfast sandwich, 15 cars followed DE BOSS, Club President Tim Narvell down Route 9 from Townsend to Dover. It was a nice winding road with the only major obstacle was safely driving around some bicyclists also enjoying the spring day. Picking up 2 more cars at the Buffalo Wild Wings in Dover we headed down Route 1 to Lewes. As we drove down, George Long, FSFMC's Treasurer, took the lead and we all arrived safely at The Wheelhouse, just over the bridge in Lewes. We all waved hello to Bob Maass as he filmed us at the top of the bridge.

The Wheelhouse had an area set aside for us on the outside of the restaurant overlooking the canal and charter fishing boats. After a delicious, very filling lunch, and talking with our fellow members, we all parted ways. Some club members took a stroll through downtown Lewes and their various shops, while others headed back north towards home.

Even though it was an overcast day, we had a great turn out and a great time with other club members. Hopefully next year other club members will be available to join us to celebrate the birth of the Ford Mustang!!

## Carlisle Ford Nationals June 6th - 8th, 2025

**Attention to any members that are going or planning on going to Carlisle this year!!!!** There is a group of us that are already booked and registered to go. After talking to Carlisle Events, we learned that if we have 25 or more vehicles registered for the event under **First State Mustang and Ford Club**, we can get a 20x20 tent set up for us at no charge.

This does not mean that we need to travel together or stay at the same hotel, but you are more than welcomed to join us. There are several of us that will be cruising together to Carlisle. If not, at least you have a tent to hang out under to get out of the sun, or the rain, because we all know it always rains at some point at Carlisle.

Hope to see some of you there!!

Picture Features The First State Mustang And Ford Club

A regular meeting of The First State Mustang and Ford Club was held on April 1, 2025 at Applebees on Churchman's Road, Newark, DE. The meeting began at 7:00 p.m. and was presided over by Tim Narvell - President, with Michelle Staffone as secretary.

Consideration of Open Issues:

**PRESIDENT'S REPORT - TIM NARVELL**

Tim thanked everyone who came out to our general meeting, glad that the weather is improving and beginning to look and feel nicer, glad to see such a large member count in attendance and some new faces too

National Mustang Day is April 17th, we've scheduled a ride April 19th, we will meet at the Wawa on Rt 299, we will leave from there and travel on Rt 9 to Dover, go to the parking lot next to Buffalo Wild Wings and meet up with other from the Club, then continue traveling South to the Wheel House in Lewes for lunch, shopping or whatever anyone would like to do, we usually can expect 20-25 vehicles to participate and is fun filled day

Our Spring Car Show event on May 18th, it will be held at the Aetna Hose, Hook & Ladder Fire Co in the rear parking area, we need volunteers

-We're going to try something new this year, a committee has been formed, we're hoping to attract more registrants and please both types of show attendees, Judged & People's Choice, a mock attempt will be done at the Spring show to figure out all the details and work out the kinks so hopefully we can do it at the Fall Show, no changes to the awards at the Spring Show, there will still be 36 trophies at the Fall Show, they will just be divided up into different categories.

Website is up and running, it has a lot more and new features, there are still a few small kinks that continue to pop up and are being worked out, if you encounter any issues please be sure to report whatever it is so that it can be addressed in a timely manner We're still interested in looking at other events to do outside of car shows, if you have something you're interested in and would like to share, just let us know

-Tim will be traveling to Yellowstone in August and will post his adventures on the FB page

## **VICE-PRESIDENT'S REPORT - DEBBY ROSKO**

The spring car show is approaching and we need volunteers, the more we have, the more organized and structured our show can be, an email was sent out to all members asking for help, still waiting for responses, the list of where help is needed is wide open and back ups are always welcome in case someone can't make it, Chloe (& owner Bill Pearson) will do the 50/50

-thank you to everyone who has sent him info on current and upcoming events already

-please check out events and reach out, maybe find others who are interested in attending same, different

groups can attend together to represent FSMFC at many events separately, as we can't all be in the same

place at the same time, every time  
He brought a bundle of Cruising Magazine to anyone interested in having a copy

### **NEWSLETTER - JOHN ROSKO**

We're in need of articles from our members about themselves and their cars, we want to get to know you and your passion for your vehicles. If you own a Mustang, your article also has the potential to appear in the MCA magazine, Mustang Times, Michelle Staffone, our Club Secretary, has been really pro-active in helping to get feature car articles, she may contact you

- Raul Gonzales Jr. was the feature car in this month's newsletter, he has a 1965 Mustang Coupe

- Tom & Rose Dilworth also have a really nice article in the Vice-President's section which you should definitely check out

### **NEW BUSINESS**

Charlie Van Leuven, mentioned the Matchbox Road Museum & Collector Shoppe, he's the curator/tour guide

- located in Newfield, NJ, hours are by appointment only, they are on Facebook, have lots of 1 offs and preproduction vehicles

- they are having an open house event on 4/25/25 and open house/car show on 4/26/26, from 9am-4pm, grass field, food trucks and is a FREE event

John Young showed off his, new to him, 2009 Fender Ford Mustang Telecaster guitar. It's one of only 250 made and is signed by Jack Roush and the Wood Brothers of Nascar, he's been looking to acquire one for some time and though he doesn't currently play, is willing to learn. He also found an awesome Mustang guitar strap to go with it

Tim read a thank you letter that he received from New Castle County Hodgson Vo-Tech School for the Club donation to a senior student in the auto tech shop meeting the criteria for the excellence award

Tim mentioned Sean's House, our Charity pick for this year. Michelle went and toured the place and spoke with the Director and gave an overview to the E-Board. He was very impressed on the work and support they provide to youths in need.

Guest Speaker:

Tom & (Rose) Dilworth, owners of a 1994 Mustang Convertible, spoke about his award winning car. He started out by thanking his wife, Rose, who is very much involved in the whole process and at all the shows right there with him. They started their quest to get a grill medallion in 2005. In order to do this, you must attend at least 10 judged shows and accumulate points, a total of 20pts is required and you will only receive 1 or 2 points at a time for each show attended, it took them 10 years to receive the 1st medallion, and the biggest challenge was traveling, literally driving all over the U.S. There is literally a class for every type of vehicle and encourages everyone to attend a National Show, even if just for the experience, most are 3

days and you learn a lot about your car. He spoke of the unique experiences and meeting and making friends all over, that last. You are competing against yourself and the judging system, not the guy/person next to you, the more modifications, the better, as they like to see owners who are really into making their car special. Expectations of your own and judges nit-picking will make the show experience your own, you will receive the judging sheet, which is helpful in learning what to do and not do, how to clean, etc. Some will receive Gold-Silver-Bronze award with a plaque just for attending. He mentioned there are lots of styles of awards, like the Antique Auto medallion, Platinum Award (given to the highest point car in each class), a Conservator Award, which is white & for participation after receiving the blue Grill Medallion you earn for points, and the big one is the Conservator de Elegance Award and they are continuing to add even more. He mentioned that they want you to continue to come back to shows, year after year, to use your vehicle as an example, especially, if it's received multiple awards. He displayed many of his awards he's received, including a very unique one shaped like a buffalo and had challenge coins inserted. Having a mentor to help you along the way, and for encouragement is also very helpful. He thanked Debby Rosko and the Club for asking him to come and speak. He took a few questions as well.
